

Open Morning 2011

We welcomed over 500 visitors to our Open Morning on Saturday 5 November. Families were welcomed by current pupils before being given a tour guide for the morning.

The whole site was buzzing with activity and interest as families talked to girls and staff about what makes our school so special.

As well as hearing from our Headmistress, Head Girl and two new Year 7 students, our visitors were able to enjoy a number of interactive activities in each classroom. From making Christmas decorations in DT, exploring light in Physics to making cakes in Food Technology – our visitors were certainly kept busy.

The Headmistress, Head Girl and two new Year 7 girls welcome our visitors

Henry VIII's wives appear from History

Understanding light in Physics

Listening to the King's High orchestra
